Invitation to a Press Conference

Ladies and Gentlemen:

The 3rd EuCheMS Chemistry Congress will begin at the Nürnberg Congress Center on August 29, 2010. You are cordially invited to attend this largest European chemistry congress organized by the European Association for Chemical and Molecular Sciences.

Under the motto "Chemistry – the Creative Force", we will focus on current themes surrounding chemistry—for example, new approaches to enhance environmental sustainability in chemistry, regarding catalysis research and new energy concepts. You are very welcome to come to the

Press Conference

On Monday, August 30th at 12 p.m., Room "Lissabon", CongressCenter Mitte der Nürnberg Messe GmbH, Karl-Schönleben-Straße 65.

with Professor Giovanni Natile (immediate past president of EuCheMS, member of the Organization Committee, Bari University), Professor Andreas Hirsch (co-chair of the Science Committee, Erlangen-Nürnberg University), Professor Matthias Beller (first laureate of the newly created European Sustainable Chemistry Award – award ceremony on August 29th during the opening ceremony, Leibniz Institute for Catalysis at Rostock University), Professor Michael Grätzel (awarded with the EuChemS lecture in Nürnberg, École Polytechnique Federale de Lausanne) and the GDCh Executive Director, Professor Wolfram Koch as moderator. Afterwards, you will have the opportunity for interviews after or during a small reception. Please register.

Sincerely,

Dr. Renate Hoer

PS: Previous press releases on the European Chemistry Congress can be downloaded under: www.euchems-congress2010.org/press. The enclosed, newest press release elucidates a main theme of the congress.
